GREG WARREN MP

MEMBER FOR CAMPBELLTOWN

Dear Alan Buxton,

Registered clubs occupy a unique and important place in their communities across New South Wales. Beyond their role as hospitality and entertainment venues, clubs serve as community institutions that support social connection, local employment, civic participation and provide vital assistance to community organisations, sporting groups and charitable causes.

Wests Group Macarthur exemplifies these values through its longstanding commitment to the Campbelltown and broader Macarthur community. Over many decades, Wests' venues have played an integral role in supporting local residents through their high-quality facilities, employment opportunities, sporting and recreational infrastructure, and initiatives that promote community wellbeing.

Importantly, the success and reputation of Wests Group Macarthur is built upon the collective efforts of its Board of Directors, employees, more than 108,000 members and the broader community. The Board's stewardship and leadership have ensured the Wests remains responsive to the changing needs of the Macarthur region.

I have witnessed firsthand the positive impact that Wests Group Macarthur has had across our region. Through its commitment to community development, local employment, family-focused recreation and financial support for community organisations, Wests continues to make a meaningful contribution to Campbelltown and the wider Macarthur area. This includes through the recent expansion of the Sherwood Macarthur to include the Woodlands Family Entertainment Precinct, a project which I was proud to visit during construction to see firsthand ahead of its opening.

I commend the Board, management, employees and members of Wests Group Macarthur for their ongoing service to our community and thank them for their dedication to creating opportunities, fostering community connection and delivering lasting benefits for local residents.

Yours sincerely,

Greg Warren
